

MOHAMMED AASIM

Frontend Developer | Full Stack Developer | Data Analyst

Tamil Nadu, India | +91 8438425829 | Mohammedaasim44213@gmail.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Detail-oriented B.Tech (Artificial Intelligence & Data Science) student with hands-on experience building responsive web applications and delivering data-driven insights. Skilled in HTML, CSS, JavaScript, Python, SQL, and data visualization tools including Tableau and Excel. Proven ability to clean, analyze, and present data through interactive dashboards, alongside experience developing functional, user-focused web interfaces. Seeking an internship as a Frontend Developer, Full Stack Developer, Software Engineer, or Data Analyst to apply strong analytical thinking and problem-solving skills to real-world projects.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, Responsive Web Design, DOM Manipulation

Programming: Python, C, SQL

Data Analytics: Pandas, NumPy, Matplotlib, Seaborn, MySQL, Exploratory Data Analysis (EDA), Data Cleaning, Dashboard Development

Tools: Git, GitHub, Excel, Tableau, VS Code

INTERNSHIP EXPERIENCE

Data Analyst Intern — Elevate Labs

1 Month

- Extracted, cleaned, and analyzed real-world datasets to support accurate business reporting and decision-making.
- Designed and delivered interactive dashboards and reports that translated complex data into clear, actionable insights for stakeholders.
- Executed end-to-end analytics workflows, from data collection through visualization, strengthening proficiency in practical data analysis tools and techniques.

PROJECTS

Coffee@Cafe Landing Page

- Designed and developed a responsive café landing page using HTML5 and CSS3, focusing on clean layout and visual appeal.
- Implemented mobile-friendly styling to ensure consistent user experience across devices.

Weather Forecast Web Application

- Built a web application that fetches and displays real-time weather data using JavaScript and a public weather API.
- Implemented dynamic DOM updates to render location-based forecasts with a clean, intuitive interface.

Stopwatch Web Application

- Developed a fully functional stopwatch application using HTML, CSS, and JavaScript with start, pause, and reset features.
- Applied JavaScript timing functions to ensure accurate, real-time tracking and smooth UI updates.

Tic Tac Toe Web Application

- Created an interactive two-player Tic Tac Toe game using JavaScript, implementing win-detection and game-reset logic.
- Designed a responsive game board UI with HTML and CSS for seamless play across screen sizes.

AI Study Planner

- Built a web-based study planner using HTML, CSS, and JavaScript to help students organize and track study schedules.
- Implemented an intuitive interface enabling users to add, prioritize, and monitor study tasks efficiently.

YouTube Trending Video Analytics

- Analyzed global YouTube trending video datasets to uncover patterns in audience engagement and content virality.
- Performed data cleaning, exploratory data analysis, and visualization in Python using Pandas, Matplotlib, and Seaborn.
- Built interactive Tableau dashboards to present key trends and metrics to non-technical stakeholders.

CERTIFICATIONS

- Machine Learning — CodeChef
- Introduction to SQL — Simplilearn
- AWS S3 Basics — Coursera
- Learning Data Mining with R — Infosys Springboard
- Introduction to Business Intelligence — Infosys Springboard

EDUCATION

B.Tech — Artificial Intelligence & Data Science

2023 – 2027 (Expected)

B.S. Abdur Rahman Crescent Institute of Science & Technology | CGPA: 7.47/10

Higher Secondary (State Board) — 2023 | 80%

SOFT SKILLS

Analytical Thinking, Problem Solving, Communication, Team Collaboration, Time Management
